ANTIMICROBIAL HARDWARE PROVIDES ADDED PROTECTION FOR ALL USERS

Wind Hardware offers antimicrobial finishing options for a select number of products that minimize the presence of bacteria, mold, fungi, and certain virus strains. Get in touch with our team today to explore our collection of antimicrobial hardware options.

Handles

Knobs

Locks

TOP-QUALITY ANTIMICROBIAL OPTIONS

Why Manufacturers Choose
Wind Hardware

A broad range of antimicrobial hardware options from a single supplier.

HOW OUR ANTIMICROBIAL PRODUCTS WORK

Our antimicrobial product offerings are specifically designed with safety in mind. When microorganisms come in contact with our antimicrobial products, our built-in technology invades and disrupts the cell, making them unable to grow or reproduce.

WHY WIND HARDWARE

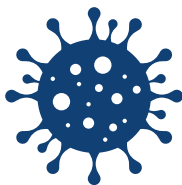

Top-Quality Industrial Hardware

Innovative Products & Custom Solutions

Reliable Supplier Partnership

Sophisticated Logistical Solutions

WIND HARDWARE ANTIMICROBIAL PRODUCTS HELP PREVENT

Bacteria

Mold

Fungi

Find the right antimicrobial hardware for your application.
